Lakeside, CA 92040

Dear Ingrid,

On behalf of the San Diego Regional Energy Office and our event sponsors, I would like to thank you very much for your participation in the Diego Solar Homes Tour 2006. By opening up your home for the general public to learn more about solar energy, you are providing a valuable service to the San Diego community. We estimate that over 2500 people attended this year's tour! As a token of our appreciation you are eligible to receive a one-year complimentary subscription to *SOLAR TODAY* magazine. To receive your subscription please fill out the attached form.

We at the San Diego Regional Energy Office believe that solar energy is an important component to our long-term energy security in the San Diego region. With so much sunshine, we think the region can generate a significant portion of its energy needs by tapping into the sun.

You have done your part not only by purchasing and installing a solar energy system but also by helping others learn about the benefits of going solar. We have found that lack of awareness about solar energy options is one of the greatest barriers to more widespread adoption of these technologies. The Solar Homes Tour is the best opportunity for the public in the region to learn about and have a hands-on experience with solar energy.

Thank you again for your participation.

Sincerely,

A handwritten signature in black ink, appearing to read "Irene". The signature is fluid and cursive, written over a light blue horizontal line.

Irene M. Stillings  
Executive Director
